

## TOROIDS

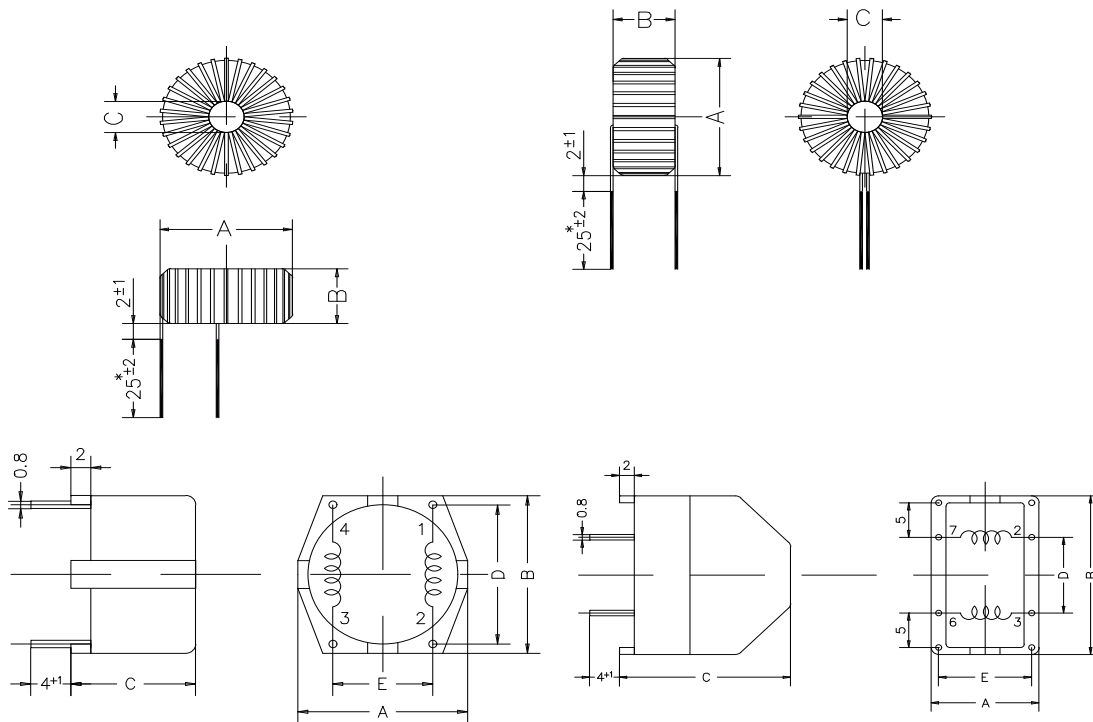

The toroids divide into three family:

- Iron powder toroidal filter for low-frequency application as dimmer
- Storage toroidal filter for high-frequency application
- Current-compensated noise suppression chokes with 2/3 windings

You can order in different assembly solutiones marked with next alphabet letter:

V: open vertical  
O: open horizontal  
SV: vertical box  
SO: horizontal box

BOX DIMENSION

TYPE	A	B	C	D	E	
A	12.5	17.5	20	5-15	10	VER.
B	15.5	23	23	10-20	12.5	VER.
C	18	27	28	12.5-22.5	15	VER.
D	18	32	33	12.5	15	VER.
L	21	32	35	12.5-27.5	17.5	VER.
M	23	32	35	12.5-27.5	20	VER.
